Re: Final Major Modification of LPDES/NPDES permit LA0049492 for LOOP LLC

Dear Mr. Waldmeier:

The enclosed final major modification of LPDES/NPDES permit LA0049492 is being submitted to your agency for review and joint signature from the LDEQ, Office of Environmental Services. USEPA and LDEQ signatures are required in order to issue this final major modification because the receiving waters listed in the LPDES/NPDES permit fall under the regulatory jurisdiction of both agencies. The cover letter (page 2) of the final major modification requires signatures from both agencies. Upon obtaining Mr. Honker's signature, please return the entire final major modification package via Federal Express to this Office. Please be advised that no date or stamp needs to be applied to this document. If you have any questions, please feel free to contact Sonja Loyd at the address on the bottom of this page or by telephone at (225) 219-3232.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bruce Fielding".
